

Revised Tuition schedule effective fall 2011:

RESOLVED: That effective fall 2011, the Board of Trustees of The City University of New York adopts a revised schedule of student tuition that includes a \$300 increase over current rates (spring 2011) for all full-time undergraduate resident students, and a proportional increase in graduate, doctoral, nonresident and per credit rates at both the senior and community colleges; except for the masters in public administration and doctor of nursing practice programs for which such increase is assessed on the new tuition rates previously approved for those programs by the Board of Trustees effective fall 2011, as reflected in the attached schedule.

On a per semester basis, these include the following increases:

\$150 for full-time undergraduate resident students at senior colleges,

\$150 for full-time undergraduate resident students at community colleges,

\$335 for full-time law school resident students,

\$240 for full-time graduate resident students except for the following:

\$355 for full-time masters in business administration resident students,

\$280 for full-time masters in architecture resident students,

\$280 for full-time masters in engineering resident students,

\$265 for full-time masters in physical therapy resident students,

And be it further

RESOLVED, That the Board of Trustees authorizes the Chancellor to make revisions to the City University of New York Tuition and Fee Manual as may be necessary to implement this resolution and to report such revisions at the first regular meeting of the Board of Trustees following the action.

EXPLANATION In June 2011, the State of New York enacted legislation authorizing CUNY to implement a rational tuition policy by increasing its tuition up to \$300 annually for the next five years (through fiscal year 2015-2016) for full-time undergraduate resident students, beginning with the fall 2011 semester. While overall senior college full-time equivalent enrollments have increased by 10.7% over the last three years, the University's operating budget sustained reductions totaling \$205 million during that same period. In addition, the FY2012 State enacted budget contains an additional \$95 million in reductions to the senior colleges, for a total of \$300 million. State base aid at the community colleges has been reduced over 20% over the last four years; the FY2012 City adopted budget also includes reductions for the community colleges. Therefore, in order to maintain and further strengthen academic quality and student support services, the recommended increases are necessary. The new State legislation requires that a tuition credit be given to those students who are eligible for the state Tuition Assistance Program when the annual tuition exceeds \$5,000. A portion of the revenues generated from the increased rates will be set-aside for financial aid purposes.
