## Letter from the Director

Dear Student,

Your decision to attend the Summer Male Empowerment Conference and Medgar Evers College brings with it a wealth of new opportunities to explore your interests and to achieve your personal goals. The degree of initiative, dedication, and commitment that you are able to demonstrate in your college years will determine your personal and professional success in the years to come.

The Conference is a means by which the Male Development and Empowerment Center (MDEC) is prepared to help you answer questions and solve problems that may arise, before and after you arrive at Medgar Evers College. During this summit you will find many activities, workshops and people that shall make your life at Medgar Evers College enjoyable and rewarding, both academically and personally.

Enjoy the conference!

Sincerely,  
Larry B. Martin
