*Retention Rates are calculated as the percentage who are still enrolled at the college of entry in the subsequent fall term(s) and have not earned the degree pursued. Graduation Rates are calculated as the percentage earning a degree at the college of entry any time prior to the start of the subsequent fall term(s). Students who earned a degree lower than that pursued, but who are still enrolled for the degree pursued in the subsequent fall term(s), are counted as still enrolled and are not counted as having earned the lower degree. Students who earned a degree lower than that pursued and who are not still enrolled in the subsequent fall term(s) are counted as having earned the lower degree. Students who earn both an associate and a baccalaureate degree at the college of entry (at comprehensive colleges) are counted as both associate degree and baccalaureate degree recipients. Therefore, the sum of the associate and baccalaureate rows for a given year may be greater than the total row for that year.*
